

AUTOPACK

HOT MELT SYSTEMS

Complete Hot Melt Solutions For Packaging And Converting

**Hot Melt
Technologies, Inc.**
No One Puts It Together Like HMT.

No Matter The Application, There's An AutoPack System For You!

At HMT, there are three AutoPack™ series to choose from...
with one standard for quality, durability and value.

AutoPack™ 200 Series

- 8 lb. and 15 lb. melt tank capacities
- Excellent performance-to-cost ratio
- Simplest design in the industry

205 AutoPack
with a 8-lb. tank

215 AutoPack
with a 15-lb. tank

AutoPack™ HP Series

- Up to 35 lb. melt tank capacities
- Dual-hose/dual-gun capability
- Modular system configuration
- Microprocessor controls for precise operation

HP-20 AutoPack
with a 15-lb. tank

HP-535 AutoPack
with a 35-lb. tank

AutoPack™ G-Series

- Up to 200 lb. melt tank capacities
- Four hose/four-gun capability
- Configured to meet application requirements
- Ultimate system flexibility and performance

G5-50 AutoPack
with a 50-lb melt tank

G5-135 Autopack
with a 135-lb melt tank

Discover the HMT Difference!

Packagers and converters the world over will find no better resource than
Hot Melt Technologies (HMT®).

Choose From A Full Line Of Guns And Nozzles!

HMT® automatic dispense guns are performance proven in all packaging and converting applications. Each series offers the precision of external needle stroke adjustment and the accuracy and speed of air-to-open/air-to-close operation.

Aimable, Low Profile

HMT® 900 Series

- For high-speed case and carton sealing applications

Incorporating all of the durability and performance of our Benchmark® and ProFlex® hot melt units, our AutoPack™ systems are specially configured for automated packaging applications.

When matched with our production proven automatic dispense guns, pattern control timers and heated hoses, they set the industry standard for output and reliability.

No application is too complex. Our experience in packaging and converting not only shows in the products we make, but also in the expertise we share. Technical support is only a phone call away.

Shown is an HP-20 AutoPack system, heated hose, and high-performance XP-1000 Mini-manifolds with 900 Series guns. Also shown is the HMT DF-224 Pattern Control Timer and attachments.

From A Leader... Complete Solutions For Your Automated Packaging Needs.

Packagers and converters who are seeking performance, reliability and value can find no better choice than AutoPack™ systems from Hot Melt Technologies. (HMT®).

Based on our industrial, production-proven Benchmark® and ProFlex® systems, the HMT AutoPack systems are specially configured for packaging and converting applications.

From the basic Benchmark 200 Series to the high-volume ProFlex, there is an AutoPack system configuration to meet your requirements.

And, whether you are equipping a new operation or replacing an old glue applicator, you can rely on HMT for expert assistance in recommending the AutoPack system that is right for you.

High-Performance Hot Melt Systems From An Industry Leader

Hot Melt Technologies has been a leader in the Hot Melt industry since 1981. We offer the applicators, accessories and adhesives you need to become efficient, all from a single source. And, we provide the after-purchase support you need to stay productive, job after job after job.

So, if you're seeking production expertise, value, convenience and satisfaction, remember ...

No One Puts It Together Like HMT.

HMT AutoPack system applications include:

- Bag sealing
- Box making
- Carton sealing
- Case closing
- Dunnage assembly
- Envelope
- Over wrapping
- Palletizing
- Spout attachments
- Tamper-proof closures
- Tray making
- Wraps, stamps, coupons, seals
- And the list goes on...
