

# Production-Proven Components Bring Greater Efficiency To The Job.

Designed to withstand the rigors of shop-floor operations, HMT Crossover Components™... hoses, guns and nozzles... provide superior efficiency and flexibility for almost every workplace.

## Heated Handguns

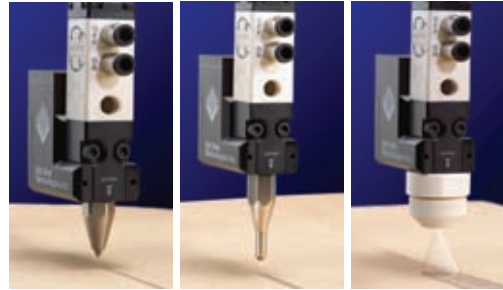

Ergonomically designed to reduce operator fatigue and weighing less than 1 1/2 lbs., HMT Handguns feature:

- ⌘ 360° Linear Swivels or 360-PLUS® Ball Swivels
- ⌘ Standard hose entry, top-entry or in-line entry
- ⌘ Interchangeable nozzles for bead or spray applications
- ⌘ Corded or Cordless Handguns available

## Automatic Guns

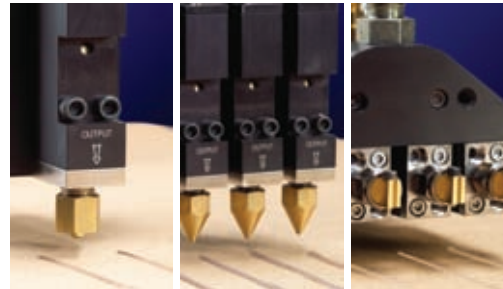

HMT 600 Series Automatic Guns are designed for high-volume, heavy-duty product assembly applications with either bead or spray nozzles:

- ⌘ Fixed-point dispensing
- ⌘ Wide web applications
- ⌘ Robot operations

HMT 900 Series Automatic Guns are designed for packaging and converting applications:

- ⌘ Tray making
- ⌘ Carton and case sealing
- ⌘ Taper conversions
- ⌘ Palletizing

## Heated Hoses

HMT Heated Hoses are built to withstand the abuse common in the roughest industrial hot melt applications. Offering maximum durability and service life, they feature:

- ⌘ Lengths up to 24 ft.
- ⌘ Core diameters of 3/8 in., 1/2 in., or 5/5 in.
- ⌘ Replaceable RTD sensors
- ⌘ Super-Tuff, X-treme nylon sleeving

## Nozzles

HMT nozzles are available for every application... bead, spray, swirl spray, I.G. gunning tips, extended nozzles, slot nozzles, taper nozzles, single or multi-bead nozzles, reduced cavity nozzles, and many more.

**Let The Experts At HMT Work For You.**

In business for over 25 years with experience in countless product assembly, packaging and converting applications in almost every industry, HMT understands hot melt. And we can put this experience to work for you. Just give us a call.
