

**Hot Melt
Technologies, Inc.**
No One Puts It Together Like HMT[®]

It's Time To Pull the Trigger on
a Hot Melt System from HMT!

**Designed for the Woodworking Industry
The Cordless HMT 2000 Handgun reaches
tight spaces without abrasion**

Hot Melt Technologies (HMT) has been the "go-to" source for the cabinet-making and furniture assembly industries since 1981 because we offer:

- A full range of hot melt systems for low-to-high volume applications manufactured at our facility in Michigan
- Innovative guns, hoses and accessories for increased productivity
- Competitively priced hot melt adhesives for every application
- Expert customer and technical assistance and complete customer satisfaction

When it comes to expertise, value, convenience and satisfaction, remember ...No One Puts It Together Like HMT.

MADE IN THE USA

Benchmark 315 shown with a 15 lb Melt tank and HMT's cordless handgun.

Hot Melt Systems For Woodworkers ... From an Industry Leader

A Hot Melt System from HMT is a choice you can make with confidence now ... and for years to come. With each, you're assured of:

- Performance** – From low-to-high volume applications ... you choose the system that best fits your need.
- Innovation** – Equipment specially designed for the woodworking industry including our cordless HMT 2000 handgun.
- Durability** – Proven in decades of high-abuse conditions, HMT applicators feature heavy-duty components and ready serviceability.
- Convenience** – With expert assistance as well a full line of adhesives and accessories, HMT is one source for all your hot melt needs.
